Format of Mountaineering Festival 2018-19

National and International teams would register online or tour operators would register on their behalf

Participants will arrive on their own at the Base Camp. Tour operators may facilitate their travel to Base Camp at each festival site

Once at base camp participants could hire tents, equipment or hire the services of guides.

Base camp will host several guests during the Festival including environment specialists to expose participants to variety off issues related to mountain regions.

To encourage self sustained climbing each team would be responsible from base camp onwards to manage logistics related to their climb.

Common facilities, such as toilet, kitchen, medical support, communication, waste disposal would be available for participants.
